Inspire • Enable • Improve

## Why choose FoNS?

We tailor programmes to meet the needs of the organisation or team

Our programmes focus on building capability and capacity, to develop person-centred workplace cultures and compassionate care

We enable learning in and from practice through reflection

We draw upon theoretically based models and frameworks

We facilitate online or in person

## Our vision

All individuals should experience health and social care as **person-centred, safe and effective**. This includes those who are giving and receiving care

*We work directly with nurses, midwives and their teams to improve the experience of care*

## What is available?

**For individuals** Facilitated participatory learning opportunities including residential programmes, fellowships, scholarships and access to freely available online resources

**For organisations** Bespoke programmes to support team wellbeing and resourcefulness, and facilitate culture change

**For commissioners** A person-centred approach to leading and facilitating culture change

## Generating and sharing knowledge

We enable our programme participants to create practice knowledge

We value ongoing participatory evaluation

We network and share information, for example via e-news and blogs

We influence nursing practice and policy
