Nurse Clinics 2024: Annual Conference

Wednesday 20 November 2024, Online

Healthcare UK Conferences are pleased to announce the 16th Annual Nurse Clinics Conference. Chaired by Dr Richard Hatchett, Author *Nurse Led Clinics: Practice Issues*.

This is an opportunity to hear national updates and best practice for working at advanced practice, and setting up and running nurse led clinics and services in primary, secondary and community care across a number of specialties. With sessions designed for 'beginners' and those who are looking to improve or expand existing services.

In addition to the main stream focusing on developing and running nurse led clinics and services, the conference will include case studies of nurse led services and a choice of interactive expertly facilitated workshops and extended sessions.
