### FoNS Comment: Skills for Care report on workforce in England

While there are positives in the report, we need to build a resilient workforce; restorative clinical supervision can contribute to stable recruitment and retention, as well as making the roles more attractive to applicants

## Nurse Clinics 2025: Annual Conference

**Tuesday 18 November 2025, Online**

Healthcare UK Conferences are pleased to announce the 17th Annual Nurse Clinics Conference. Chaired by Dr Richard Hatchett, Author *Nurse Led Clinics: Practice Issues*.

Nurse Clinics 2025 will provide specialist nurses with an opportunity to hear national updates and best practice for working at advanced practice, and setting up and running nurse led clinics and services in primary, secondary and community care across a number of specialties. With sessions designed for those who are looking to improve the effectiveness or expand existing nurse led clinics and services, or for beginners looking to set up their first clinic this event is essential for all nurses offering nurse led clinics and services.

In addition to the main stream focusing on developing and running nurse led clinics and services, the conference will include case studies of nurse led services and a choice of interactive expertly facilitated workshops and extended sessions.
